the gates of heaven republished wiki 2

May 15th, 2020 - the gates of heaven italian la porta del cielo is a 1945 italian drama film directed by vittorio de sica the film was made during the german occupation of rome with support from the vatican this and another film the ten mandments allowed a number of actors under pressure to go north and work in venice for the film industry of mussolini s puppet italian social republic to remain in rome'
,mussolini s dream factory film stardom in

may 10th, 2020 - in this excellent study of film stars under fascism stephen gundle explores the tenuous relationship between the

film industry and mussolini s regime through the lens of film stars and discovers that like so many other aspects of the fascist era

this was yet another example of the regime s inability to fully fascistize society the achievement of gundle s book is to

demonstrate, **'laughter under fascism humour and ridicule in italy 1922**
